Message:

Hello **Prospect Name**,

I am looking forward to connecting with you. I just joined a progressive company that has an all in one suite for updated marketing tools. Their mission is to bring the most comprehensive marketing platform to small and large business within 120+ countries.

The digital economy is here to stay with us, so I found a company that is committed to staying up with all the new changes in this ever-growing industry.

Imagine if Facebook, Google, Microsoft, or any of the large Technology companies allowed affiliates to make 100% of the first month subscription and residual income each month thereafter when you share their Awesome Products. We would have extra income, wouldn't we? Maybe things would be different today.

You might be asking what businesses would be our competition? Have you ever heard of GoDaddy, Aweber, Go to Meeting, Wix and many others? We have 26 digital marketing tools and always adding the most up to date tools to brand yourself and/or your business!
